Gen 2 Algae Prevention Tanks

by Free Form Plastics

Freeform PLASTICS

Algae growth and contamination have always been problems with water transport tanks. Black tanks have typically been used to overcome this problem, but because of the heat absorption of black the inherent strength of the tank is compromised making it difficult to securely fasten the tank for transport.
The design staff at Free Form Plastics has patented an innovative tank which eliminates algae growth without sacrificing the tank's structural integrity. It appears to be a normal white tank but the inside is black to block UV rays.

Available in 3 Styles:
- **Vertical Flat Bottom:** 1500, 1680, 1800, 2100, 2400, 3000 US gallon
- **Vertical Cone Bottom:** 1500, 1680, 1800, 2400, 3000 US gallon
- **Low Profile:** 1380, 1620, 2340, 3180, 3900 US gallon

The Low Profile tanks have extreme ribbing and heavy-duty design to eliminate the need for steel support hoops. 3" bulkhead fitting is standard and comes with an interior siphon tube for better drainage.

In stock in heavy-duty Gen2 (white exterior, black interior) versions. The 3900 gallon is modular in design. The 1380, 1620, 2340, and 3180 gallon are a 1-piece design.
Large ribs act as baffles reducing the amount of sloshing and domed ends add strength and also reduce sloshing.
A large manhole for easy access if required and comes complete with unload and load hooks.

CHEMBINE

by Freeform Plastics
75 Gallon Capacity

—This new product is a cutting-edge way of mixing your dry and liquid chemicals for your agricultural needs. The ***CHEMBINE*** incorporates all the features of a typical chemical mixer plus adds some user-friendly features while dramatically improving in the following areas: New and innovative knife block design provides a more efficiently shaped cut requiring less effort, faster & more complete drainage/rinsing as well as easier removal of the jugs. Increased agitation –Easy rinse and drain - Improved visibility with all hoses having clear sidewalls. With or without 3" Honda pump.

COMPACT PRESSURE BOOSTER PUMPS

Need better water pressure?

2 YEAR WARRANTY

BT Series
Home Pressure System

- Due to low municipal supply pressure
- To pump from underground/above ground storage tanks
- For a more enjoyable shower experience
- So flushing a toilet doesn't give you the 'chills' in the shower
- So your sprinkler system actually irrigates instead of just dribbling

Our Water Pressure Booster Systems can fix your low water pressure problems

Stainless Beats Plastic

And a Davey Pump with Torrium® "outthinks" all other systems.

Stainless steel impeller, Stainless steel shaft, Unique ability to anticipate demand, Easy installation & service.

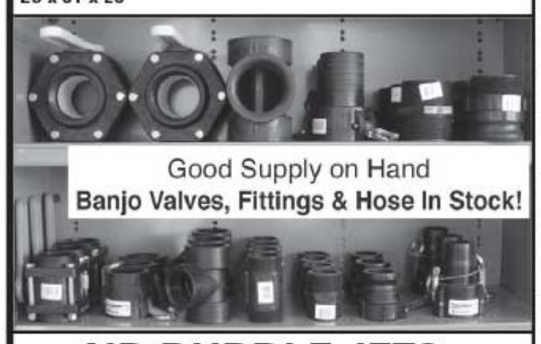
NEW NARROWER SPRAYER for Side by Side
29 x 51 x 23



AIR BUBBLE JETS
reduce drift and improve leaf contact

- They reduce the number of very small droplets - these are the ones which cause drift.
- They create pockets of air in the droplets that on contact with the leaf, collapse dispersing the liquid evenly

Easy, Fast Set-up... For Accurate, Even Liquid Fertilizer Application

- Available with a variety of nozzle caps and can be fitted directly to a wide range of sprayers.
- No adapters are required.
- Each Streambar MR features an integrated Multi Rate metering system to alter application rate. Instead of removing the bar and changing color coded restrictors, rates are changed by adjusting the sliding metering mechanism.

F/S Manufacturing
3 PT SPRAYER

HOMESTEAD HD
200 Gallon 3 PT Sprayer
Cat 2 w/30 ft. boom 20" spacing + manual control

Included with purchase Hose Reel & Spray Wand & 4Pt Stand

36" PUSH TYPE APPLICATOR

In Stock!

Dandy-Lion Killer
a quality Tru-Kleen product
from F/S Manufacturing

48" & 72" Pull-Type Applicators

Are you tired of fighting with dandelions or other weeds? Frustrated because you can't use your sprayer without the risk of chemical drift killing your wife's flowers? Then you need a DANDY-LION KILLER from F/S Manufacturing. Its simple, gravity-fed operation makes it an easy, effective and safe tool for anyone to use, regardless of experience. The Dandy-Lion Killer is A NO-DRIFT CHEMICAL APPLICATOR, so even when the wind threatens your weekend spraying, you can still get out there and beat the weeds!
