VERSATILE
SX280 Self-Propelled Sprayer

**We've Sold Our Demo Model But...
 A New SX280 Is Soon To Be
 On Our Lot!**

The new HQ Cab is the largest in the self-propelled sprayer industry. The design includes 4 cu m (140 cu ft) of volume area, and 7.18 sq m (73.5 sq ft) of expansive glass for unmatched visibility. The cab provides the operator with the feeling of space, allowing near 360 degrees of visibility. The new armrest-mounted console controls are well marked, easy to understand and comfortable to operate. The new hand accelerator control has fingertip boom height and wing tip control and makes the machine easy to operate. **Stop Out Today And Visit With Us About Your Equipment Needs For 2017.... Major League

When you consider the investment involved, you'd have to say that agriculture in our area is major league. As an ag bank, we're like a financial coach. Our ag customers come in with an idea to expand their operation. First, we listen to make sure we understand their plan, and then we do whatever we can to help. We're local and we know agriculture.

Stop by
and see us.
Let's talk.

BREEDING YOU CAN BANK ON

DEKALB® is continuously innovating to deliver maximum performance, no matter what comes your way. Our elite, advanced genetics have been proven again and again on a wide range of the most demanding growing conditions, so you can get more from your farm - acre to acre, field to field.

SUCCESS NEVER RESTS

SEE WHAT OTHER FARMERS ARE SAYING WITH #MyFarmMyYield

Individual results may vary, and performance may vary from location to location and from year to year. This result may not be an indicator of results you may obtain as local growing, soil and weather conditions may vary. Growers should evaluate data from multiple locations and years whenever possible.
